Mr. Maguire requested as a point of personal privilege that we observe a moment of silence in honor of Mr. William Leyden, a school custodian, who passed away.

**Superintendent’s Report**

**New Principal, SeaCoast School**

Dr. Kelly talked about naming Steven Magno as the new principal of SeaCoast School. She said he really impressed the interviewing committee with his forward thinking and his ideas creating pathways for students at SeaCoast to get into career positions and do internships. Mr. Magno thanked the committee and the Superintendent for their support.

**Comprehensive Program Review and ELL students**

Dr. Kelly talked about Comprehensive Program Review and ELL students. This is an audit that the Department of Secondary and Elementary Education does to look at our special educational program and our English Language Learner program. They come and review our programs and give some directions on what we should work on in order to make our programs stronger.

Mr. Albert Mogavero shared with us the ELL portion of the Comprehensive Program Review. He said, every six years a coordinated program review is conducted by the DESE and looks at our program strengths and weaknesses and see if we are in compliance with both state and federal regulations as they pertain to the education of English Language Learners. The report said we are fully in compliance with fifteen of the eighteen criteria elements and partially in compliance with three of the criteria elements.

**Update on district focus**

Dr. Kelly talked about the district focus and identified school department priorities based on input from many people. Data came from meetings with the PTA, school visits, cabinet meetings and administrators meeting. We want to focus on meeting needs of all individual students. All these things together are starting to develop into district focus that will help us bring student achievement to the next level.
